Change Log

2025-07-29

csv/

- Updated systems file (systems_20250729.csv) to include 1,454 new systems for the PV Output group.

csv/system_metadata

- 1,454 new systems have been added. System IDs 10000 – 12459. Note that these system IDs are nonconsecutive.
    - System metadata files.
    - System satellite image file. Note that some of these may be off target due to poor accuracy of reported latitude and longitude.

csv/pvdata

- 1,454 new systems have been added. System IDs 10000 – 12459. Note that these system IDs are nonconsecutive.
    - Each system folder contains another annual file with the data stored inside.
